

Government of the Russian Federation
The Ordinance dated 15.04.2011
on adoption of the rules of cargo transportation by the road transport

In accordance with Article 3 of the federal law “The Charter of the road transport and urban overland electric transport” the Russian Federation Government decrees:

1. To adopt the attached Rules of cargo transportation by the road transport.
2. The present Ordinance enters into force upon expiration of 3 months from the day of its official publication, except for the points 3 and 4 the Rules, adopted by the present Ordinance. The points 3 and 4 of the indicated Rules enter into force upon expiration of 12 months from the day of official publication of the present Ordinance.
3. To establish that before entrance into force of the point 3 of the Rules, adopted by the present Ordinance, the transportation of dangerous goods by the road transport in urban, suburb and inter-city communication is carried out in accordance with the indicated Rules, as well as with the rules of dangerous goods transportation by the road transport, approved by the Russian Federation Ministry of transport for execution of the Russian Federation Government Ordinance №372 dated 23.04.1994.

Chairman of the Russian Federation Government
V. Putin

The Rules of the cargo transportation by the road transport

Approved by the Russian Federation
Ordinance №272 dated 15.04.2011

I. General provisions

1. The present rules establish the order of organization of transportation of various types of cargoes by the road transport, ensuring safety of the cargoes, transport means and containers, as well as the conditions for the cargo transportation and provision of the transport means for such transportation.

2. Transportation of the cargoes by the road transport in international communication on the Russian Federation territory is carried out in accordance with international agreements of the Russian Federation in the field of road transport, the normative-legal acts of the Russian Federation and the present Rules.

Point 3 enters into force upon expiration of 12 months from the day of official publication (point 2 of this document).

3. Transportation of dangerous goods by the road transport in urban, suburb and inter-city communication is carried out in accordance with the requirements, established by Annexes A and B of the European Agreement on the international road transportation of dangerous goods dated 30.09.1957 (DOPOG) and the present Rules.

Point 4 enters into force upon expiration of 12 months from the day of official publication (point 2 of the present document).
